PROFILE

BTS SIO (SLAM option) student seeking a web development work-study position (3 days at the company / 2 days at school). Rigorous and versatile, I master full-stack development (PHP, JavaScript, React, MySQL) and have led complete projects, from database design to user interface. Trained in Anthropic's AI tools (Claude, Claude Code), I integrate them into my development workflow to boost productivity and code quality.

SKILLS

Back-end: PHP, Symfony, Python, C#, Node.js, REST API, authentication and sessions
Front-end: HTML, CSS, JavaScript, React, WeWeb, responsive design
Databases: MySQL, Supabase, ER modeling (conceptual/logical data models), advanced SQL queries
Artificial Intelligence: Claude, Claude Code, Claude Cowork, prompt engineering, AI-assisted development
Application development: Java, C, C++, Python, Spring Boot
Security: client/server-side form validation, XSS / CSRF protection
Tools and methods: Git, GitHub, Visual Studio Code, Postman, UML, Linux, Windows, Agile / Scrum, unit testing
Graphic design: Photoshop, Canva
